**after
Beach Blvd, Aberdeen**

I am writing as an individual citizen, Mariusz 'Cybuch' Ropel,
to inform you about a planned peaceful assembly in **Aberdeen on April 20th, 2025.**

This event is being organized by local activists and cannabis enthusiasts to
raise awareness about the rights of cannabis users, advocate for harm reduction
policies, generate support for local businesses and promote a family-friendly
atmosphere throughout the city center.

**Organizers: Local cannabis users and supporters; not affiliated with any political party
or criminal organization**

Work with us to ensure that promotional materials and messaging are appropriate for
Aberdonians of all ages.

We believe that this event can serve as an opportunity for dialogue between cannabis
users, law enforcement, policymakers, local business owners, and the broader Aberdeen
community.

We hope that Aberdeen City Council will support our efforts in promoting harm
reduction policies, fostering economic growth through supporting local businesses, and
creating a more open, understanding and family-friendly environment regarding cannabis use.

4/20 Event Guidelines

Let's focus on celebrating cannabis culture and advocating for responsible adult use.

No promotion of harmful activities: Gambling, alcohol, tobacco (including vapes), and other potentially harmful substances or behaviors are not to be promoted at this event.

No distribution of promotional materials (e.g., flyers, posters) that will become litter on the streets.

The person distributing materials must collect any discarded items after the event.

This event is for everyone to enjoy together, so please maintain a respectful and appropriate tone around minors and families.

Let's create positive examples of responsible cannabis use and promote unity among our community.

We can create a safe, enjoyable, and respectful environment for all attendees.

Thank you for your cooperation!
Fayah burn! Fayah bless!
